

# BENVENUTO

Over the years as we have traveled through Italy, I have shared great experiences with family and friends, new and old. From those encounters I have brought back the best and most memorable dishes and dining experiences for you, the guest to discover on this menu.

At Spiaggia we present the same ideas, recreated for modern dining and the soulful pleasures it gives us, from as far back as our Italian grandmothers, and Italy's generous food culture.

Being inspired by tradition, but with eyes on the modern, and the way we dine now, our team has focused on giving you an experience that is creative, yet warm and satisfying.

Buon Appetito

Tony Mantuano
